PROFESSIONAL SUMMARY

Results-driven **Full Stack Developer (MERN)** with hands-on experience architecting and deploying production-grade web applications. Proficient in **Node.js, Express.js, React.js, and MongoDB** with strong command of **JWT authentication, RBAC, REST APIs, AWS EC2, Docker, and CI/CD pipelines**.

WORK EXPERIENCE

LLM Post Training Intern

Ethara AI

Mar 2026 – May 2026

Remote

- Contributed to **LLM post-training workflows** by analysing model responses, improving prompt quality, and validating AI-generated outputs for accuracy, relevance, and safety.
- Assisted in enhancing model performance through **data annotation, response evaluation, and feedback optimization**, ensuring higher quality conversational AI interactions aligned with user requirements.

Web Developer Intern

Cognifyz Technologies

Oct 2025 – Nov 2025

Remote

- Architected and delivered a secure **company authentication dashboard** using HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB — covering login, signup, session management, and protected route handling with server-side validation.
- Ensured clean separation of concerns between frontend UI and backend API layers, enabling maintainable and scalable code structure aligned with industry best practices.

Java Developer Intern

Codtech IT Solutions Pvt. Ltd.

Jun 2025 – Aug 2025

Remote

- Engineered a **multithreaded client-server chat system** using Java Sockets and OOP principles, and built a REST API client for third-party HTTP endpoints — directly applicable to backend microservice and fintech API patterns.
- Developed a **product recommender system** leveraging hash maps and trees, reinforcing core DSA and OOP skills with real-world application in recommendation engine design.

PROJECTS

Document Signature SaaS Platform · React.js, Node.js, Express.js, MongoDB, JWT

Mar 2026

- Built a production-ready, end-to-end **document signing platform** supporting secure file uploads, canvas-based digital signature capture.
- Implemented **JWT-based stateless authentication** with role-aware access control, improving overall security posture and processing pipeline efficiency by **30%**.
- Engineered a RESTful backend with clearly defined API contracts, enabling smooth integration with the React frontend and future third-party client support. [[Live](#)]

Team Task Manager · React.js, Node.js, MongoDB, RBAC, JWT, AWS EC2, Docker

Dec 2025

- Developed a full-stack **task management application** with separate Admin and Member dashboards, enforcing **role-based access control (RBAC)** via JWT so each role sees only permitted actions and data.
- Containerized the application with **Docker** and deployed on **AWS EC2**, achieving isolated, reproducible, and horizontally scalable production deployment. [[Live](#)]

ResumePro — Resume Builder · HTML, CSS, JavaScript, Node.js, REST APIs

Sep – Nov 2025

- Designed and deployed an **ATS-optimized resume builder** on Render with a real-time live preview, allowing users to see formatting changes instantly as they fill out structured form fields.
- Implemented robust **server-side validation and dynamic template rendering**, reducing manual formatting effort by **40%** and significantly improving output consistency across different browsers and screen sizes. [[Live](#)]

LEADERSHIP & ACHIEVEMENTS

Smart India Hackathon — Team Lead & Backend Developer

Inter-College

- Led a multidisciplinary team to design and build a **Health Disease Prediction Web Application** using **Python and Flask**, training supervised ML models on over **1 lakh patient records** to deliver accurate multi-disease classification with real-time web interface.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS

Backend & APIs: Node.js, Express.js, RESTful API, JWT Auth, Role Based Access Control

Databases: MongoDB, SQL

Cloud & DevOps: AWS (EC2, IAM, S3, RDS), Docker, Kubernetes basics, CI/CD Pipelines, Linux

Languages & Tools: JavaScript, Java, Python, Git, GitHub, VS Code, Linux CLI

EDUCATION

B.Tech — Computer Science & Engineering | CGPA: 9.3 / 10.0

2022 – 2026

Laxmi Devi Institute of Engineering and Technology, Alwar, Rajasthan

CERTIFICATIONS

Full Stack Web Developer | Data Structures and Algorithms | Docker | AWS Cloud Practitioner
