

Dear Hiring Team,

I am writing to express my interest in the Developer L1 position. I recently completed my Bachelor's degree in Computer Science and am eager to begin my professional career in software development.

During my academic journey, I developed strong foundations in programming, web development, and problem-solving. I have worked on full-stack web applications using HTML, CSS, JavaScript, Bootstrap, Node.js, Express.js, and MongoDB. One of my notable projects is a Hotel Booking Management System, where I implemented user-friendly interfaces, backend APIs, and database integration to deliver a complete web solution.

In addition to development skills, I have actively practiced Data Structures and Algorithms, strengthening my analytical thinking and coding abilities. I am passionate about learning new technologies, writing clean code, and collaborating with teams to build efficient software solutions.

I am excited about the opportunity to contribute to your organization and grow as a software developer. I am confident that my technical skills, dedication, and willingness to learn will enable me to make a positive contribution to your team.

Thank you for your time and consideration. I look forward to the opportunity to discuss my qualifications further.

Sincerely,

Amit Sain

B.Tech (Computer Science)
